Your Fall and Winter Suit

We Say

"Your Fall and Winter Suit"

Because we know that we have here just the suit for you. If you're a "custom tailor man" used to paying \$35 or \$40 for a suit, come and see our suits and see the difference in price. They are made of imported fabrics and finished with every luxury known to tailor craft—better cannot be made.

\$18.50, \$20.00, \$25.00 and \$30.00

For the man that wants a suit to look good for less money he can't better himself than our suits at **\$10 \$12.50 and \$15**

Before purchasing the suits for your boy we want you to come here and see the "Widow Jones" boy's suits. They are the best made clothes and cost no more than others of inferior stuff **\$2.50 to \$12.50**

We invite you to call and see our line of goods whether you buy or not

ENGINEERING DEPARTMENT

KANSAS CITY, KANSAS
TELEPHONE 1234 WEST

G. H. HAZEN
Assistant

May 25, 1909.

DEAR SIR:—

Replying to your letter of the 4th inst. relative to the Rock Asphalt pavement now being laid in this city, will say that we have some of this pavement that has been down OVER TEN YEARS and with the exception of a few places where water has not been properly drained off and allowed to stand, it has stood heavy traffic and is still in a good state of preservation.

We have 15 miles of other asphalt which has had to be repaired a great deal, while this pavement, except for plumbers cuts, Gas Co., and Water Co.'s cuts has had NO REPAIRS AT ALL.

Some of the streets of Kansas City, Mo., have been paved with this material and they are in better condition than some sheet asphalt streets that have been paved later, after being down 15 years.

Last season there were laid in this city 22,000 sq. yds. of Rock Asphalt and this year there is being laid and petitioned for about twice as much more, which ought to show that it is giving satisfaction here.

When the wearing surface is first put down it is sometimes disappointing to the inexperienced as it appears much more granular than the ordinary asphalt and has surface cracks after being rolled; but with a little traffic over it the cracks disappear and the whole cements together into one solid sheet, without becoming too hard or slippery. After the cement or lime dust has worn off the surface the particles of lime rock show white, giving a pleasing "mosaic" effect.

The material used in this city comes from Ardmore, Oklahoma.

Yours respectfully,

R. L. McALPINE,

City Engineer, Kansas City, Kansas.

This is the standard Rock Asphalt pavement composed of lime, rock asphalt, consolidated silica, and bituminous silica, produced by THE SHELBY-DOWNARD ASPHALT CO.

Frances Willard Statue.

Washington, Nov. 18.—Around the statue of Frances E. Willard which the State of Illinois had placed in the Nation's Hall of Fame at the Capitol, 500 members of the Women's Christian Temperance Union, which is in convention in Baltimore, gathered today to pay tribute to their noted leader.

An address was made by Miss Anna A. Gordon, vice president-general at large of the W. C. T. U.; who thanked the "noble men of the state of Illinois," who had chosen Frances E. Willard as one of the two persons from that state whose lives have been memorialized by statues in the Nation's Hall of Fame.

Durant Candidate for Speaker.

Oklahoma City, Ok., Nov. 18.—William A. Durant of Durant, recently re-elected a member of the Lower House of the Legislature, today formally announced his candidacy for the speakership. Durant is speaker of the house of the Choctaw legislature, being of Choctaw extraction. He was sergeant at arms of the constitutional convention and chairman of the Public Buildings Committee in the First State Legislature.

Cemetery Must be Located Elsewhere.

Guthrie, Nov. 18.—The following is among the opinion handed down by the supreme court today:

"In the case of Maurice Furstenburg vs. W. C. Brissy, the district court of Pottawatomie county, is affirmed in an opinion by Chief Justice Dunn. Brissy owned lots in Rose Garden addition to Shawnee which was platted in 1903. In 1905 a cemetery was platted adjoining the addition and Brissy secured an injunction in the lower court against the use of the cemetery and abating it as a nuisance. This action is affirmed on the ground that it is unlawful to establish a cemetery within three-quarters of a mile of any addition in which residence lots have previously been purchased in good faith.

Talley Found Guilty by Jury.

Tulsa, Okla., Nov. 18.—The jury in the Talley case found the defendant guilty and fixed his punishment at three months in jail and a fine of \$500.

The verdict came as a surprise to many, who expected a severer sentence and to many who did not expect one quite so severe.

The verdict was rendered Thursday morning, after an all night session.

BAPTIST CONVENTION GOES TO DURANT

Enid, Ok., Nov. 18.—The third and last day of the Baptist State convention had a full attendance.

The principal business transacted was the reading of the report on beneficence by Moderator J. A. Holt of Elk City. Dr. Holt pleads for the adoption of a system in this beneficent work. He said that giving and charity would avail little, unless such a system were strictly adhered to. "Finance without system or system without finance can amount to little," said the doctor.

The reading of the laymen's report by Rev. Mr. Cordell of Hobart brought out considerable discussion by several church members who seem to believe that the lay element in church work could be improved upon, and it appeared to be the sentiment of numerous delegates that was what was wanted was "less lay, and more movements."

The reports heard this evening were on religious literature, temperance, Indian missions, hospitals and sanitariums, old ministers' relief fund and obituaries.

After a spirited contest between Shawnee and Durant the latter was selected as the next meeting place of the convention, for Wednesday after the third Sunday in November of next year.

The convention closed tonight in a mass and inspiration meeting at the church. Addresses were made by various visiting messengers and also by local church members of different denominations.

Haskell Going Back to Guthrie.

Guthrie, Ok., Nov. 18.—In a telephonic conversation today Gov. Haskell stated that he would be in Guthrie tomorrow morning, providing Mrs. Haskell, who has been ill, is able to travel. He stated that he had done nothing toward calling an extra session of this legislature to consider the state capital removal reports to the contrary notwithstanding, but he thought he would determine the matter definitely tomorrow.

From other sources it is stated that the governor has been in communication with at least two-thirds of the members of the Third legislature regarding the special session call.

If a call is issued it will be from Guthrie, the prevailing opinion being for the legislature to convene here also and later adjourn to meet in Oklahoma City under the emergency authority conferred by the constitution. Press of the state is opposing the extra session call since then say a regular session is to be held in January.

Secretary of state Smith came to Guthrie today, and a statement was made at the office that the Oklahoma City branch would be moved to Guthrie tomorrow. With it will come the state's great seal. Secretary Smith insists that the office has always been in Guthrie, likewise a duplicate of the seal. Guthrie appears as date line on all official communications and certified copies issued by the secretary.

Railroad Bill Lost, He Holds.

Guthrie, Ok., Nov. 18.—The published conclusion of Secretary Seth Cordon of the state election board that the article nine amendment voted on November 8 must receive a majority of all votes cast at that election to win, was approved here by Assistant Attorney General Reeves, after a careful examination of the law on the subject.

"The railroad amendment," said Mr. Reeves, "was a proposed constitutional amendment submitted by the legislature under the constitutional regulations, as set out on page 388, Section 1, Article 24, Snyder's constitution, which provides that when a majority of all the electors voting at such election shall vote in favor of any amendment thereto, it shall thereby become a part of the constitution."

Notice Rebekahs.

DEPOSITS OF ADA NATIONAL \$146,000

Our attention has been called to an error in our write up of the statement of the Ada National bank which appeared in yesterday's paper. We stated that the deposits of the bank amounted to over \$130,000. The article in question was written at the last moment before going to press and it seems that there were some items that we neglected to count in, for the figures should have been \$146,000 placing the Ada National second in the matter of deposits in Ada banks instead of fourth.

Endeavor Book Shower.

The Christian Endeavor Society of the Christian church will hold a Thanksgiving Book shower Monday next all day. Two points will be open where they will receive any suitable book you may give them for the purpose of building up a library for the young people. This is a good opportunity for you to put your books to their best use. The points for receiving same will be at Madrox drug store and L. T. Walters' music store. Committees will be at each place to wait on you.

A Steady Job.

So many witnesses had queered his client's case by swearing that the shots they had heard in a shooting affair were only 30 seconds apart that when pressed to tell what they were doing when each report was heard, naming actions so dissimilar that it must have taken at least 10 minutes to switch from one to the other the criminal lawyer swore that he would maintain consistency above all things in his latest case. Gustave, the Swedish janitor, had heard two shots fired at the injured man, and the lawyer impressed upon him the importance of swearing that he was engaged in the same task each shot.

In the course of the trial it was brought out that the shots had been fired a month apart, the first being merely a little target practice that did not harm the second inflicting a serious wound. But there was no time to coach Gustave anew. Said the lawyer:

"What were you doing when the first shot was fired?"

"I was sitting in the kitchen gnawing a chicken bone," said Gustave.

"And what were you doing when the second shot was fired? Be careful how you answer."

And Gustave was careful.

"I was sitting in the kitchen," said he, "gnawing that same chicken bone."—Chicago Record-Herald.

BYRD'S MILL WATER FOR ADA

MAYOR LITTLE NOTIFIED THAT RESTRICTIONS HAVE BEEN REMOVED.

ADA CAN BUY LAND

Bond Election May Be Called Soon to Provide Money for Ample Water Supply for Town.

Today Mayor Little received a letter from Dana H. Kelsey, Indian Commissioner at Muskogee, bearing the joyful news that the interior department has removed the restrictions on ninety acres of land belonging to Gabriel Brown on which the famous Byrd's Mill spring is located. The removal is conditioned on the sale of the property to the city of Ada for the sum of \$7,500, and can be had by the city any time the money is forthcoming.

This is the first and most important step in procuring a plentiful supply of fine water for Ada. The council and some private citizens have given the matter considerable time and attention and deserve a great deal of credit for pushing the matter to a successful end. The next step will be to determine the cost of the work and vote on the issuance of bonds sufficient to push the enterprise to a speedy conclusion.

NEW FIXTURES FOR POST OFFICE

The patrons of the Ada postoffice will scarcely recognize the place tomorrow when they go for their mail. The new fixtures arrived yesterday afternoon and today everything is being arranged to put them in place tonight after the office closes. The news man called around this afternoon but as most of the stuff was still unpacked, we could not form much idea of how things will look when in place, but from the fact that the new fixtures cost between \$3,300 and \$3,400, we have no hesitancy in saying that they are fully in keeping with the progressiveness of the town.

How to Be Happy? Carnegie Tells.

New York, Nov. 18.—Here is Andrew Carnegie's birthday recipe for happiness: "It is what I am able to do in the way of inducing others to do their share that gives me most pleasure in life; not merely giving wealth away, whether for libraries or some other worthy cause."

The ironmaster's birthday is still a week away, but that anniversary occasion was uppermost in the minds of most of those present at the dinner given in his honor Thursday night by the General Society of Mechanics and Tradesmen on the occasion of the one hundred and twenty-fifth anniversary of the society. Carnegie spoke at length of his philanthropy and touched upon his early life, winding up with the recipe.

It makes one tired to hear a fel-
low argue that the commission form
of city government is undemocratic.
That might be good argument in
China where they believe that it is
unfair to attempt to improve on any-
thing that the men of 1,000 years did
or said, but in a progressive age
changing conditions demand a change
of methods. On the same ground it
might be said that a railroad com-
mission is undemocratic because there
was none in the days of Jefferson
and Jackson. There were no rail-
roads in those days, either. Jefferson
himself would be the first to de-
nounce the man who would take the
stand that no change should ever
be made in running the government.

The Republican wants to return its
thanks publicly to the Pontotoc coun-
ty election board for the many kind-
nesses shown during the campaign
and the counting of the votes. They
could not have done any better had
they all been republicans instead of
just one.—Ada Republican.

Very true, and it is also a cause
for congratulation that while they
are making all sorts of charges
against the election boards in other
counties, even going into court about
it, not even a whisper has been ut-
tered against the integrity of the Pon-
totoc county board.

The editor of the News takes pride
in being of the variety known as the
"yellow dog" democracy, but claims
the right to do a little thinking for
himself and not follow the lead of
some other guy who is capable of
making a little more noise than he
is. We have always voted a straight
ticket and have been absolutely loyal
to the party, but three or four poli-
ticians do not make the party any-
where.

With eggs at 30c and frying chick-
ens at 50c, and both scarce at that,
it looks to us like there ought to be
a small fortune in a poultry farm
within reach of Ada. The American
hen is one of the country's strongest
assets and if given a chance here
would do some valiant service for the
hungry multitude.

Newspaper is Town Builder.

A newspaper whose columns over-
flow with advertisements of busi-
ness men has more influence in at-
traction to build up a town than any
other agency that can be employed.
People go where there is business.
Capital and labor go where there is
an enterprising community. No pow-
er on earth is so strong to build up
a town so well as a paper well pat-
ronized and its power should be ap-
preciated. The man who overlooks his
town paper injures himself by injur-
ing his town and townsmen.—Wan-
namaker.

Editor Bridwell of the Republican
says he wants it distinctly understood
that the steam roller in front of his
office is not his auto. We suggested
that it was a small model of the one
that ran over the republican party
Nov. 8, but he insists that it is the
one that will mash all human form
out of the democrats two years
hence.

If a council of nine can handle the
affairs of the city better than a com-
mission of three why isn't it true
that nineteen could not do better
than nine? We might ask why three
men elected by the people would be
any less representative than a larger
number.

In this country the presidency goes
to the party with the most votes or
sometimes to the one with the long-
est pocket book. In Mexico and oth-
er Latin-American countries it goes
to the man with the most soldiers
and the longest bayonets.

According to the figures given out
from state headquarters Pontotoc is
the banner socialist county of the
state, the party having polled 726
votes there. Adair county shows up
the smallest vote, only 26 being cast
there.

If there is anything undemocratic
in a commission government it is a
little strange that it is in democratic
states that the plan has been most
popular.

Gratitude, like a diamond, is
highly prized because of its extreme
rarity.

Alaska's Copper Wealth.

The Copper River is so named be-
cause the aborigines who inhabited
its delta were possessed of various
implements made by them from na-
tive copper, and slugs of native cop-
per are yet to be found along the riv-
er banks, says the November Colum-
bian. Along the river and its tribu-
taries exist some large and high-
grade deposits of copper, and within
another year the Copper river and
Northwestern railway, organized five
years ago, will begin to transport
these copper ores to the smelters.

From the Chilkat River in South-
eastern Alaska to the upper part of
the Tanana River in Central Alaska,
for a distance of about three hun-
dred miles, stretches what appears
to be the greatest copper region in
the Far North, if not in the world.
Part of this territory is in British
Columbia and the Yukon territory. In
the Chilkat Mountains exist large de-
posits of high grade copper glance
and hornite ores, as well as sul-
phides and chalcopryrites, and in the
same vicinity also exist silver and
lead ores in large quantities, and in
close proximity are to be found iron,
lime and coal. At the head waters of
the White River, as well as along the
tributaries of the Tanana River, ex-
ist amygdaloid ores of the same char-
acter as those that have made the
mines of the Michigan peninsula fa-
mous for the production of great
wealth to their owners.

Officers Sit on Muskogee Lid.
Muskogee, Okla., Nov. 17.—State
enforcement officers who swooped
down upon Muskogee today, declare
they will remain in the city for at
least three weeks and that by the
time they leave, all of the jointists
will have been forced to discontinue
business. Enforcement Officers Morg-
an, Downey and Stidham arrived in
the city this morning and Chief En-
forcement Officer Foster F. Cain
came here this afternoon.

Officer Morgan said: "The people
have said by their vote that they
want prohibition in this state and
that is what they're going to get. It
may take some time to carry out our
intentions, but we are going to do
it. Officers are at work in Oklahoma
City and Tulsa and the other large
cities of the state will be taken care
of as fast as we can get to them."

One Diplomatic Old Bear.

A Westerner owned a stumpy lot,
with woods on three sides of it, pref-
erences the New York Press. The field
had been seeded to clover and 15 or
20 woodchucks dug holes in the
ground, where they lived in peace
and plenty until a bear, late in the
month of July, formed the habit of
stealing out of the woods just be-
fore sunset every day, crouching in
the tall clover and pouncing on a
woodchuck while it was at supper.
The owner would not shoot the bear,
because at that season its fur was
good for nothing, and besides, he
wanted to thin out the woodchucks.

When the bear had killed a num-
ber of the woodchucks and carried
them into the woods, a wise old wood-
chuck in the upper end of the field
began to be suspicious, and when
ever the bear stole out of the tim-
ber the old woodchuck would sit by
its hole and whistle to warn the oth-
er woodchucks of the bear's pres-
ence. Then he and all the wood-
chucks in the lot would run into
their holes and the bear would slouch
back to the woods looking sheepish.

When the old woodchuck had play-
ed this trick a few times, the bear
apparently set to thinking; for at
noon one hot day it was seen to
shamble out of the woods and to
climb a tree just above the old wood-
chuck's burrow. Not a woodchuck
was in sight, and that made those
who were watching the performance
wonder what the bear "was up to."
He stayed in the tree all the after-
noon, and just before sunset the
old woodchuck was seen to crawl out
of its hole and take a survey of the
field. The bear's presence was un-
perceived, so very soon the old wood-
chuck scampered off some distance
from his hole. Then the bear nabbed
him and squeezed him to death in a
hurry. With the wise old woodchuck
out of the way, the bear had an
easy time, and before the end of the
next month he had killed every
woodchuck in the lot.

"Should Test Grandfather Clause."

Guthrie, Ok., Nov. 18.—Ex-Gov. A.
J. Seay of Kingfisher, who was also
an associate justice of the supreme
court of Oklahoma Territory, made
the following statement:

"Some of the people of the state
are advocating the perfection of an
organization for the purpose of a gen-
eral refusal to pay any taxes for any
purposes until we have a fair elec-
tion law which will abolish the cen-
tralized machinery that now controls
our elections. The validity of the so-
called 'grandfather' clause should be
tested in the supreme court of the
United States at once. The chaotic
condition of affairs in this state re-
sulting from new election laws and
grandfather clauses, has made it so
difficult to determine who are elec-
tors and who are not, that it has un-
settled the school, court house and
other municipal bond markets gen-
erally, and to such an extent that it
is difficult to dispose of these se-
curities at any reasonable price."

NEEDFUL KNOWLEDGE.

Ada People Should Learn to Detect
the Approach of Kidney Disease.

The symptoms of kidney trouble
are so unmistakable that they leave
no ground for doubt. Sick kidneys ex-
crete a thick, cloudy, offensive urine,
full of sediment, irregular of passage
or attended by a sensation of scald-
ing. The back aches constantly, head-
aches and dizzy spells may occur
and the victim is often weighed down
by a feeling of languor and fatigue.
Neglect these warnings and there is
danger of dropsy, Bright's disease
or diabetes. Any one of these sym-
ptoms is warning enough to begin
treating the kidneys at once. Delay
often proves fatal.

You can use no better remedy than
Doan's Kidney Pills. Here's Ada
proof:

M. J. Malone, Jr., 325 W. Sixteenth
St., Ada, Okla., says: "The results I
obtained from the use of Doan's Kid-
ney Pills, procured from G. M. Ram-
sey's Drug Store, far exceeded my
expectations. For five years I was a
great sufferer from a weak back and
other symptoms of kidney trouble.
The kidney secretions were highly
colored and attended by a scalding
sensation in passage. I had sharp,
piercing pains through my loins and
a constant ache in my hips that
made me miserable. Since using
Doan's Kidney Pills my kidneys have
been performing their functions prop-
erly."

NOTES OF THE BAPTIST CONVENTION

More than 500 messengers registered at the Baptist convention that has just closed its meeting at Enid. Reports show the work of the churches to be prosperous. Many old members were heard to say: "That is the greatest convention we ever had."

Bro. Stubblefield will not return until after Sunday, being busy with plans for next year's work. The next session of the convention will be held at Durant.

Reports showed that the great Baptist university building at Shawnee is being pushed along and is expected to be completed in one year.

Every one was in the best of humor and much of this feeling was due to the recent victory over the saloons, and the fact that the Baptists of this state are now all united in the support of a state paper—the Baptist Oklahoman.

Dr. A. J. Holt, editor of the Baptist Oklahoman, was unanimously chosen president of the convention to succeed Judge Furman who resigned because of ill health. Dr. Holt made an excellent presiding officer.

A feature of the convention was the presence of distinguished visitors, among whom were Editor J. B. Gambrell, of Dallas, Texas, who made one of his inimitable talks on state missions and Dr. Willingham, secretary of foreign mission board, who has just returned from Japan, delight. Dr. Clark, 78 years of age, a splendid specimen of vigorous manhood, and Dr. Barnes, a good specimen of the "down East Yankee," the last two representing our northern brethren who have done so much for Oklahoma.

Funeral of Mr. and Mrs. Ed Gwin's Child.

This morning at 10 o'clock, Rev. J. D. White conducted the funeral services of the infant son of Ed Gwin and wife, that died yesterday morning. The services took place at the home of the family in the presence of a large number of friends who came to offer what comfort they could to the stricken parents. After the service the body was taken to Rosedale cemetery and laid tenderly to rest. Death is always a dreaded visitor that enters all homes, whether high or low. It seeks the brightest and dearest treasures of the family, and were it not for the assurance that death does not end all, but that its visit is but the beginning of a happier and purer existence, the parting with our loved ones would be past human endurance.

This morning while the funeral services were in progress the drug stores of the city remained closed as a mark of respect to Mr. Gwin and family.

Four New Trustees.

In compliance with the newly discovered law, requiring towns of this class to maintain a board of eight trustees, the following men have been appointed to serve with those formerly crowned with aldermanic glory: J. H. Norman, J. Adams, T. E. Miller and J. C. Rushing. The regular meeting was held Wednesday night at which routine business was transacted. Geo. Garmon was appointed scavenger in place of Tom Jones, resigned.—Francis Wigwam.

Past Help.

The man with the old clock under his arm laid it on the jeweler's show case. "I wish you'd see what is the matter with this," he said.

The jeweler removed the dial, screwed his eyeglass into place and inspected the works of the ancient timepiece.

"Nothing is the matter with it—now; its sufferings are over."

"Nothing," answered the jeweler.

"This isn't a professional treatment. This is a coroner's inquest."—Youth's Companion.

BROTHERHOOD PROGRAM.

To Be Rendered at Christian Church Monday Evening.

The regular monthly meeting of the Brotherhood of Disciples of Christ will be held at Christian church. It will be a Harvest Home meeting and an interesting program will be rendered.

These meetings are very beneficial to the men and a special invitation to all such is always extended. The social feature for next Monday evening will be a friendly circle around a basket of big red apples while stories of "Ye old time Thanksgiving Days" are told.

The program begins at 7:30 and is as follows:

Doxology.

Thanksgiving Psalm—E. S. Ratliff.

Prayer.

Hymn.

Address—Physical Blessings of the Year—A. B. Yeager.

Address—Spiritual Blessings of the Year—C. C. Nash.

Music—Mandolin and guitar.

Address—Our New Responsibility—R. W. Williams.

Address—Our Larger Vision—W. H. Cox.

Address—What Can This Brotherhood Do to Acknowledge Its Obligations to Our Heavenly Father?—R. W. Allen.

Social Period.

Benediction.

Quiet at Rock Springs.

Rock Springs, Tex., Nov. 18.—Captains Rogers and Everett of the Ranger force are here and find everything tranquil. The report of armed Mexicans coming to this place seems to have been without any foundation and cooler heads have never given the report any credit. In fact, very little excitement was caused here by such reports. Mexican and American citizens are on the usual good terms and have been so since the lynching. The Rangers may stay some few days to watch developments although citizens do not expect any trouble at all.

Cotton in Cleveland County.

Norman, Ok., Nov. 18.—Up to yesterday there had been 5,000 bales of cotton marketed here, and it is estimated that there will be about 2,000 more. At other points in this county there will be at least 5,000 bales. This is about twice the amount marketed in Cleveland county in the season of 1909-10.

Prices also have been exceptionally good, ranging from \$12.25 to \$15 per 100. This makes a 500-pound bale, with rebate, bring \$75 or \$80 and the whole crop will put nearly \$1,000,000 in circulation.

SUNDAY AT THE CHURCHES.

Twentieth Century Club.
Tuesday the regular meeting of the Twentieth Century Club was omitted on account of rain. The Club will meet Tuesday the 22nd at the Normal, using the program published last week.

Mrs. Hope Entertains.
Wednesday afternoon Mrs. Tom Hope entertained in honor of Mrs. Frank Maddox and her house party. The hostess had eight tables arranged for "42" and some animated and interesting games were played by the guests. A delicious salad course was served.

Mrs. Maddox Entertains.
Yesterday evening Mrs. Frank Maddox, one of Ada's latest and most popular bride's entertained bridal party at a six course dinner at her home on East 17th street. Covers were laid for ten. The charming young hostess was at her best and this, her initial entertainment, was a most pronounced success.

P. C. S. C. Entertained.
On Thursday, the P. C. S. C. were royally entertained by Mrs. L. Levy at the home of Mrs. Ben Katz. The afternoon was beautifully planned. The merry hum of voices blended with sweet strains of music that was discovered during the happy hours. Those seated at the three course luncheon were Mrs. I. Harris, Mrs. Sam Harris, Mrs. M. Levin, Mrs. Ben Katz, Mrs. Perle Dunham McGurran and Mrs. L. Levy, Mrs. McGurran being the guest of honor.

C. E. Societies Entertained.
Last evening, between the hours of eight and eleven, Rev. and Mrs. Leroy Anderson entertained the young people of the Christian Endeavor societies of the Christian church together with a few friends. Some forty or fifty were present at the party. A number of contests were held, all of them adding to the merriment of the occasion and affording a full opportunity for a good laugh. Among these was a shadow contest, the shadow of each being sketched on a paper tacked to the wall, and then submitted to the others to name the one represented by the shadow. A bean carrying contest provoked much merriment. A continued story to which each must add a chapter created lively interest as did a verse writing contest in which each was to write in verse the description of some one present. This was won by Miss Mary Kate Baker. A delicious salad course was served the assembled guests. The rooms were decorated in the red and white colors of the endeavor societies.

We are requested to announce that there will be no Episcopal services tomorrow.

Methodist Church.

There will be regular preaching services at the First Methodist church tomorrow morning and evening conducted by Rev. W. M. Wilson.

Foreign Missionary Meeting.

Next week being set apart as the week of prayer for the Foreign Missionary society of the Methodist church the program for Monday afternoon meeting will be appropriate. The members of the society and any interested friends are asked to attend the meeting Monday at 3 p. m. in the parlors of the Methodist church.

First Presbyterian Church.

"The Kinsman Redeemer" will be the subject of a special sermon at 7 p. m. and at the morning hour will be a Thanksgiving sermon. This announcement is made because we, as a local church, will hold no service on Thanksgiving and because some others desire to depart from the usual custom of a union service. Sunday school at 9:45 and immediately at the close will be Session meeting. Special "Organized Class for Men," will elect officers and decide on course of study.

J. D. WHITE, Minister.

Christian Church.

Bible school 9:45 a. m. Efficient teachers, graded lessons, adult classes. We take an individual interest in each scholar. At 11 a. m. preaching and communion. The morning subject is especially an appeal to the young. The theme will be "What does It Mean to Be Saved?" All Christians urged to be present. At the evening hour 7:30 the subject will be "The Unfailing Refuge," a story of Christ's relation in our every day life. Seats provided for all. Just once a stranger. Junior C. E. at 3 p. m. Senior C. E. 6:45 p. m. All young people invited especially.

CONVICTED ON BOOTLEGGING CHARGE

The trial of J. H. Knight, charged with the possession of liquor for the purpose of sale, was concluded this morning and ended with the assessment of a fine of \$50 and 30 days in jail. The case was hotly contested at every point, City Attorney Webb and Leslie Maxey appearing for the city and J. W. Bolen for the defense. The defense proved that a physician had prescribed whiskey for the defendant some four weeks before his arrest and that he had ordered a case for that purpose. It also claimed that the liquor was concealed because some one had stolen a part of it. On the other hand the state introduced evidence that tended to show that at least one more case had been delivered to the defendant. It is not known whether an appeal will be taken or not, but it is probable that it may.

Box Supper at Lovelady.

Yesterday evening a big box supper was given at Lovelady school house for the purpose of raising funds for the church and to raise money to buy a new organ and bell for the school house. Thirty-nine boxes were auctioned off at good prices, and a cake for the prettiest young lady netted over \$52, and one for the ugliest man brought a little over \$22. In all the supper brought \$130.15.
